|---|---|

Founded in 1837, the Malaysian International Chamber of Commerce & Industry (MICCI) is represented on more than 70 private and public sector committees and consultative panels both at Federal and State levels. MICCI provides its 1,000 International and Malaysian members a comprehensive range of services including lobbying, advocacy, networking and advice in areas such as legislative issues to facilitate and promote free trade; identify and promote positive change in business relevant laws such as the Employment Act and Labour Laws, and to provide input for laws and regulations such as the Fair Trade Practices Policy (FTPP), the Personal Data Protection Bill and the Distributive Trade Guidelines.

Founded in 1837 and with its members' active involvement, the Chamber continues the record of success that has led it to become the longest serving 'Voice of Business' and Chamber of Commerce in Malaysia. For more information, please visit www.micci.com
