

MALAYSIA SME[®]

BIZ NETWORKING & SEMINARS 2014

GST NATIONWIDE ROADSHOW

INTRODUCTION

GST is a consumption tax based on the value-added concept, imposed on goods and services at every production and distribution stage in the supply chain including importation of goods and services.

The introduction of GST is part of the Government's tax reform programmed to enhance the capability, effectiveness and transparency of tax administration and management, to make the tax system more business friendly.

The upcoming MALAYSIA SME[®] Biz Networking & Seminars series, serves as an essential platform to the SMEs for obtaining the knowledge on how GST could impact their businesses, and how they could manage the business growth with GST implementation in order to generate a more stable source of revenue, as well as to increase the business competitiveness in the global market.
